

## COMMERCIAL INFORMATION BULLETIN

**Embassy of Ukraine in the Islamic Republic of Pakistan**

**№ 18**

**19.03.2014**

The Embassy of Ukraine in the Islamic Republic of Pakistan would like to present the new issue of the Commercial Information Bulletin. The contents of this issue contains a significant volume presentation of the family of ANTONOV regional jet passenger aircrafts. ANTONOV's planes are based upon the most advanced ideas and technologies, they are designed, constructed and marketed by the ANTONOV Company named after its founder, Oleg Antonov. We highly recommend ANTONOV Company as a world-recognized reliable aircraft industry (Attachment 1).

Besides, you will be able to find the information on qualification degrees at faculties and institutes of the National Technical University of Ukraine "Kyiv Polytechnic Institute". The information on terms of admission and tuition fees, as well as other additional information can be found at the University's web-page (<http://www.istudent.kpi.ua/index.php?lang=en>). This distinguished higher educational facility is a top-rated Ukrainian University with respect to the quality of education, number of students and, certainly, its long history. A number of scientific and technical inventions of world significance were done by the pioneers from the "Kyiv Polytechnic Institute". This institution is proud of its graduates who became world-famous engineers (Attachment 2).

Proceeding with the presentation of the educational opportunities of Ukraine we have inserted into this Bulletin an information about the European University, namely the options for students in a number of areas and specialties. Being a large private higher educational establishment located in the capital of Ukraine, the European University invites foreign students to study the areas of finance, banking, economics of enterprise, accounting and auditing, marketing, management, management of foreign economic activity, management of innovation activity, management of information security and others. There is also a Business College within the structure of the European University (Attachment 3).

Our valuable subscribers are encouraged to please also find here in the final part of the Bulletin the commercials brought to us by the LLC "Rin Ltd" company. This is a factory producing steel and metal products. They are interested in the development of international cooperation with foreign partners in the field of mining, refining industry, energy and construction. LLC "Rin Ltd." offers to export electrical products of their own production (low-voltage, high-voltage complete devices, crane electrical equipment, steel structures). The key activity of the company is production of metal road, bridge and railing equipment (Attachment 4).

Please find the detailed presentations in the attachments.

The Embassy of Ukraine in the Islamic Republic of Pakistan remains open for your queries, questions or requests.

Thank you for your attention!
