Embassy of Ukraine in the Islamic Republic of Pakistan

№ 8

26.09.2012

1. An Association “The League of Machine-Builders and Employers of Ukraine” (“Ukrmachbud”) was created and acting in Ukraine. It includes 240 enterprises and the main work is concentrated around three main areas:

- Basic engineering industry;
- Electronic industry;
- Agricultural machinery (including technical support and service)

Enterprises of the Association “Ukrmachbud” have great potential in the production of both simple and complex high-tech equipment with modern technology and components.

The enterprises of the Association “Ukrmachbud” are ready to fulfill the orders on mutually beneficial conditions in different fields, such as:

- supply equipment, machinery and spare parts under the placed order;
- perform the work;
- Hardware design and technological processes;
- Metal-working;
- Metal-cutting;
- Molding
- Pressure forming;
- Packing;
- High-quality welding.

An integral part of the Association "Ukrmachbud" are:

- energy-saving equipment for heavy industry;
- equipment for the oil and gas industry;
- Equipment for the chemical industry;
- equipment for aircraft and shipbuilding;
- equipment for underground;
- steam and gas turbines for nuclear power plants, thermal power plants, power plants;
- electrical equipment for industrial complex;
- equipment for railways;
- machines for metal and wood;
- pumping units;

- compressor stations;
- different types of pumps;
- motors;
- pipe fittings;
- Forged and stamped products;
- production of heating equipment;
- machinery and equipment for agriculture.

We hope for mutually beneficial cooperation between the two countries and joint ventures in the engineering field as well as the conclusion of agreements with relevant associations of Pakistan.
